OUR CLIENTS SAY

“Having advertised with **salt** since its birth in 2005 I have had the pleasure of watching the magazine evolve over time to a place where it has created its own niche on the Sunshine Coast. The magazine proudly sits as the number one 'must read' for both locals and visitors alike and in turn is the number one magazine to be seen in! I have nothing but admiration for the team's vision and integrity which has been upheld since its inception.”

“What a pleasure it is to open a locally produced magazine of such quality. **salt** magazine appeals to my wedding demographic and we are proud to have our advertisement for The Lakehouse Sunshine Coast stand alongside many quality wedding suppliers from the coast. **Lovestruck** is beautifully presented, well written and delivers to my savvy, high-end brides.”

“We have advertised with **salt** for over five years and it is the only publication on the Sunshine Coast we regularly advertise with due to the high quality of content, print and magazine distribution.

Kate and her salty team are wonderful to deal with and we find they genuinely want to help promote our business rather than just sell us advertising space. We are often told by customers they have driven the length of the coast to visit our store based on our **salt** ad.”

“**salt** magazine – world famous on the Sunshine Coast. Every quarter we wait with baited breath for the cover to be revealed on the latest **salt** magazine and both we and our customers are never disappointed. The stunning cover always sets the scene for what is revealed as we turn the pages. We think of **salt** as a fusion magazine that blends the arts, food, retail, entertainment, lifestyle and fashion with ease and integrity in a professional, fun and vibrant format – all with a local twist that showcases our diverse community. We regularly take the magazine to our suppliers in Brisbane who often lament there is nothing like it in the Big City! Thank you Kate and team – you are all worth your **SALT!**”

“Sunshine Plaza has been advertising in **salt** magazine for the past five years and we've always been happy with the professionalism and integrity of the publication. We love that the magazine reaches both local readers and tourists who are visiting the Sunshine Coast and has a shelf life of three months. The quality of the magazine is second to none and is certainly very popular with our customers.”
