“**salt** IS BORN OF  
THE PUREST PARENTS,  
THE SUN & THE SEA.”  
PYTHAGORAS

The magazine is drip fed into reputable coffee shops, eateries, hair salons, medical centres, fashion boutiques, day spas every week to ten days from Noosa through to Caloundra and into the hinterland. For visitors who are staying with family and friends and locals, **salt** is easily pocketed through these venues. **salt** is also hand delivered into popular suburbs throughout Brisbane for day trippers and weekenders who regularly visit the Sunshine Coast.

Our articles are written by professional, experienced journalists and enhanced with natural, emotive photography.

**salt** covers are renowned for giving exposure to the best panoramic, landscape images of our Sunshine Coast region.

**salt** has boycotted the traditional magazine practice of placing advertising on the back cover and famous faces on the front cover and replaced it with a poignant, landscape image.

The main map positioned at the back of the magazine is of fundamental importance to **salt**'s popularity. The map give **salt** the legs to travel. The map provide readers with an easy and comprehensive guide to discover the Sunshine Coast allowing venues and advertisers to become more accessible.

**salt** is proud to say that we don't accept accommodation advertising within the magazine. This gives us the competitive advantage to directly distribute into holiday rooms on the coast as there is no conflict of interest. Managers of the accommodation houses will often hand **salt** out with the keys or place them in the rooms for guests' convenience.

**salt** magazine is shared with the world through Issuu and via its very own iPad and iPhone App. Each edition is made readily available online and each and every advertisement is hyperlinked to its respective website.
